

globalhealth CHIROPRACTIC

Doctor's Report Feedback

1. Are Dr. Wilson, Dr. Jake, & Dr. Trey are limited scope chiropractors or full spectrum chiropractors?

2. When might subluxation first begin? _____

Please circle T for True or F for False.....

3. Subluxation can be present without pain. T F
4. Symptoms are not our problem but serve as a warning sign and let us know that something else is going on in the body. T F
5. Drugs only mask symptoms from the body. T F
6. More people die from prescription drugs than from aids and breast cancer. T F
7. Nothing about health care is healthy; it's sick care. Sick care is used for crisis and trauma, which is where drugs and surgery are beneficial. T F
8. We optimize health by optimizing the nervous system. T F
9. The core master system of the body is the _____ system.
10. If you were to tell a friend what subluxation is, what would you tell them?

11. What are the 4 phases of care?

- a. _____
- b. _____
- c. _____
- d. _____

12. Plaque is to teeth what _____ is to the spine and never goes away.

13. Our Dr's always says, "Be healthy by choice, not by _____."

14. What is your **t-shirt** size?

SM Med LG XL XXL

Doctor's Report

*****You must listen to the Dr's. Report audio and bring back the quiz filled out; otherwise, you will not be seen or adjusted. If you are unable to listen to this audio, please let us know in advance before your appointment, and we will reschedule your appointment or allot for time for you to listen to it in our office.**

What Will Occur?

The Doctor and our chiropractic assistant will explain:

1. How subluxations affect your body
2. How Chiropractic care works
3. The results of you examinations and x-rays
4. How long it will take to correct your problem
5. What financial plans are available

How Long Will It Take?

This appointment will take approximately 30-45 minutes. As long as you are a chiropractic candidate, you will be adjusted at this appointment.

Why should I bring my spouse?

Subluxations are a very serious health condition. Your doctor will be giving you recommendations on how to correct you problem. It is very helpful that your spouse is present:

1. To understand your subluxation patterns and how they affect your health
2. To assist you in your home treatment recommendations
3. To discuss your care plan options
4. To discuss a financial plan for your care

They care about you and want to know what's going on too!

What Is The Fee?

****Your financial responsibility is the adjustment fee of:**

1. \$47.00 for Adults 18 and older
2. \$37.00 for Medicare Patients
3. \$42.00 for College Students
4. \$37.00 for Children under the age of 18

****And any additional services that the Doctor deems necessary:**

1. \$67 for Decompression
2. \$57 for AMIT (per muscle)
3. \$57 for AMIT exam
4. \$17 for Cold Laser
5. \$37 for Ionic Foot Bath

What About Insurance Coverage?

We are a non-insurance practice and cannot be found on any Insurance/Provider List. However, if your insurance does cover Chiropractic care, we are happy to supply you with a super bill (receipt) that you can file with your insurance company and they will reimburse you directly. Please let us know if you need these receipts and we will be happy to provide them for you.

*****If Medicare is your primary, we will submit this for you after you have paid for your services. *****

The Information you receive on this visit will change your life!!!
